It's back to classes this week throughout Cameron and Milam County. And back to school means attending usually modern facilities for today's students.

But back in 1848, the school system of Cameron was a bit more rustic. Thinking it appropriate, we dug through musty archives and celluloid records of The Herald and discovered a story about the first school in Cameron, the Milam Liberal Institute.

99-99-99

It seems that the Institute was chartered and incorporated March 20, 1848, a little more than 100 years ago.

The structure was at first a two-room frame structure with a chimney on each end. It was constructed on a four-acre plot surveyed by pioneers George Greer and W. W. Oxsheer in 1846.

Some pioneer names represented the first school board of trustees. The records say they were: George Erath and George Green, surveyors; Isaac Cook, R. E. Hubby, Daniel Monroe, William Lampkin and J. J. Turnham.

A second structure of red brick replaced the frame building, but was destroyed by fire just a few days prior to completion. A second brick building, constructed to replace its burned predecessor, was pulled down only a few years ago.

Herald files tell an interesting story about the insurance on the first brick Institute and how it was purchased. We quote.

99-99-99

"George H. McGehee, then city secretary, and Capt. B. I. Arnold, happened to walk around the building and inspect it on the Sunday before it was destroyed by fire a day or two later.

"They noticed that the structure was covered with shavings and remarked that this was a serious fire hazard. After discussing the situation, they decided that \$2,000 builders' insurance carried on the building was not sufficient. The City Council was not due to meet for another week, so the duo decided to insure it for \$11,000 more and if the Council would not favor the move, the week's insurance fee would not be great and the two patrons would split the cost and defray the cost of the insurance themselves.

99-99-99

"After the building burned and the City Council convened, the faces of most of its members were grave and the disappointment having the fine new building destroyed with very little insurance bore heavily on each man. But when the captain asked if the Council would accept an insurance cost on the new building, T. S. Henderson, a councilman, said promptly with great relief:

"Gentlemen, I move we accept this policy and pay the premium."

The second brick building which served until its destruction a few years ago was built exactly like the first except for the use of cream brick instead of red.

And that is the story of the old Milam Liberal Institute, Cameron's first school.

Weather Notes

Temperatures are expected to continue in the upper 90's during the day while lows will range in the low-70's. The weather man calls for clear skies for the weekend with possible showers early Sunday.

Total precipitation in August was 2.21 inches.

Rev. Bradshaw Named To Post At Houston Church

The Rev. Richard J. Bradshaw will take over duties as Vicar of St. Phillips Episcopal Church in Houston beginning September 22. It was announced by church officials today.

Rev. Bradshaw has been Vicar of All Saints Episcopal Church in Cameron since June 1956. He is a graduate of the Episcopal Theological Seminary of the Southwest, Austin and has assisted at the Holy Trinity, Austin; St. John, Sealy; St. Luke's, El Campo; St. Simon, Houston; and St. Marks in Rosenberg.

He has been active in the local Cub Scout work, the Cameron Ministers Alliance, and the Cameron Lions Club.

Auction Barn To Host Local Sears Gilt Show

The Milam County Sears Gilt Show will be held September 6, starting at 9 a.m. at the Auction Barn in Cameron. Those bringing swine are asked to bring panels to enclose the swine. According to Robert Hoermann, Ass't County agent.

T. D. Tanksley, Extension Swine Specialist, will discuss on the farm selection of gilts at 9 a.m. Judging will start at 10 a.m. and should be finished by noon.

Council Approves \$1.60 Rate Ad Valorem Tax, Plans Meeting

The City Council Tuesday night approved a second reading of an ordinance setting the ad valorem tax at \$1.60 per \$100 valuation and planned a special budget work session 2 p.m. Friday.

City fathers also called for a further check of a sanitation problem in a drainage ditch running parallel with US 77 in East Cameron.

And the Council voted into law an ordinance penalizing property owners whose lots become overgrown with weeds or accumulate trash.

Weed Fine

The new ordinance provides a fine of \$50 for violations of the weed law which condemns the uncontrolled growth of weeds or accumulation of trash which may

Marak Church Plans Public Picnic Sunday

The congregation of the Marak SS. Cyril and Methodius Church is planning an annual public picnic, starting at noon Sunday, according to the Rev. Rafael Gerskovich, pastor.

The program includes dinner at noon, a cotton auction at 3 p.m. and supper at 5 p.m. The Vrazel Polka Band will play at a dance Sunday evening.

Cameron Holding Dollar Day Friday

Dollar Day comes but once a month and this month it comes Friday, tomorrow.

"Bargains galore, throughout the store" is the motto of Cameron merchants every Dollar Day and Friday's Dollar Day is no exception.

Milam County shoppers have been saving real money for years in Cameron's Dollar Day program.

And specials will be available in droves in clothing, piece goods, shoes, household items and many other fields this Dollar Day.

Shoppers will find samples of the many bargains in today's Cameron Herald.

Chamber of Commerce officials point out that it is not necessary to drive out of town to get the savings

create fire or health hazards. The ad valorem is set at \$1.60 per \$100 valuation and breaks down this way:

General fund .92 cents, street improvement bonds .09 cents, public building bonds .14 cents, swimming pool bonds .02, US 77 right-of-way .04, sewer revenue .06, water works bonds .18, and sewer improvement and extension .15 cents.

Dr. David Shapiro, city health officer, noted the presence of open sewage draining into an open gully running eastward to Little River from an area between E. First St. and US 77 east. He said the situation "amounts to an open sewer in the heart of town."

Mayor Bassel Wilson and Councilmen Richard Moseley and Hayden Lawrence also noted the problem and called for inspection of the area by the remainder of the Council so that appropriate action can be taken.

In other action the council heard W. D. Bigbee, city street superintendent, recommend an eight-inch line in place of a six-inch on the long-projected East Gillis St. sewerline.

Officials said that citizens on the street had agreed to easements along a different route, bypassing the property of Tim Crawford, who refused the city access to

the line.

Fate of the \$6,000 project will be decided Friday at the afternoon session, Mayor Wilson noted.

Buckholts man gets gunshot hip wound in police arrest

A Buckholts man, about 28, is recovering in a local hospital from a gunshot wound following a melee Saturday night with Buckholts Constable John Zajicek.

Charles Lofton, Buckholts, will face three charges of disturbing the peace, resisting arrest and public drunkenness when he recovers from a hip wound suffered about 1 a.m. Sunday morning.

Sheriff Carl Black told The Herald that Zajicek shot Lofton in the hip when he resisted arrest at the Lofton home. Lofton's wife had called the constable during a family argument at their home.

Zajicek and a deputy went to the home and were taking Lofton into custody, according to Sheriff Black, when Lofton broke away and threw a rock at the peace officers. Then Zajicek fired, Sheriff Black said.

P-TA Invites Public To Yoe Open House At Tennis Courts

The Cameron Parent-Teachers Association extended an invitation to all parents and interested persons to the annual open house 7:30 p.m. Thursday at Yoe High School tennis courts.

The open house is in honor of school faculty, administrators, and the board. YHS band will present a concert under direction of Mr. Francis Cox.

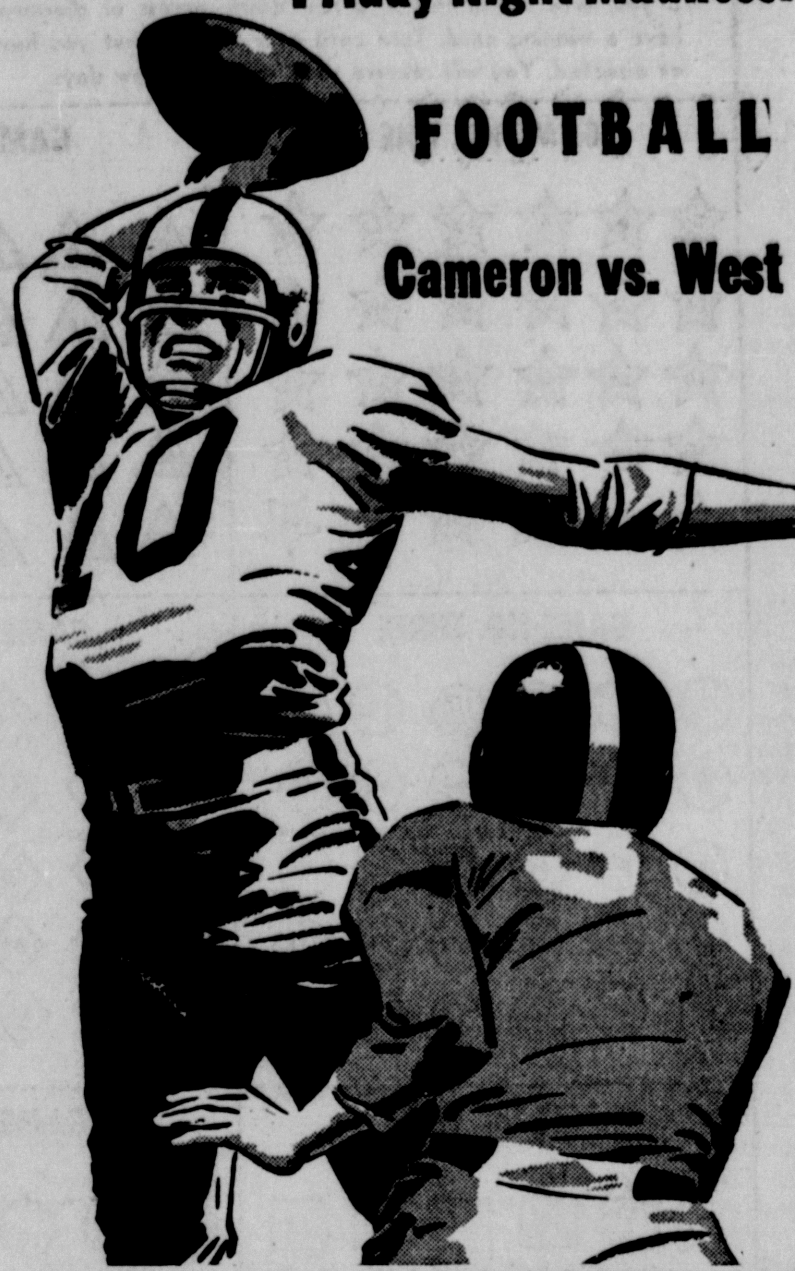

"Stepping Stone to Maturity" is the title of the program to be given at this time.

Other programs to be given during the year include "American Education and Why", "Keeping Faith with the Younger Generation", "Abiding Values - Social - Cultural - Spiritual", "Community Cooperation For Effective Action", "Education - Inclusive or Exclusive?", "Educating for Citizenship" and "Our Leisure Time - Constructive or Destructive".

Police Complete City Dog Pound For Stray Canines

Police Chief Maynard Byers today told The Herald that Cameron authorities would begin picking up stray dogs Monday.

His announcement followed completion of the city's first dog pound near the new sewer plant in east Cameron.

Byers said the police department was short-handed, but would begin taking in stray dogs and impounding them in the new dog enclosures.

The City Council passed the city's first dog control ordinance in July. Byers at the time said that hundreds of stray dogs were roaming the streets of Cameron.

Byers advised dog owners to keep their pets on leash or fenced in. The animals also must be registered and tagged after completion of rabies shots by a veterinarian.

The new dog pound includes three separate pens for dogs, including an isolation pen for dogs believed rabid.

Owners of dogs can pick their pets at the city pound if they believe police may have picked up pet animals. Dogs must be claimed within 48 hours.

Plans include provisions for a gas chamber to destroy any animals unclaimed or definitely stray, Byers said.

The facilities have a cement floor, wire mesh siding and will have running water.

Pick up date starts Monday, Chief Byers reminded.

Milam FB Directors To Meet Sept. 11

O. G. Tumlinson, president of the Milam County Farm Bureau announced today that the Boards of Directors meeting had been moved to September 11.

The regular meeting will be held at 8 p.m. in the Farm Bureau Cameron office. According to Tumlinson the board usually meets on the 1st Thursday of each month.

5 Out - Of - City Deaths Sadden Cameron

Five deaths outside of Cameron during the past seven days saddened hundreds of Milam Countians.

A heart attack struck Bert Miller, in Houston while the 4-year-old daughter of Mr. and Mrs. Clayton Baker died in an automobile accident near her Wichita Falls home.

Mrs. Amanda Sarah Marsh, 91, died in Dallas as did Mrs. Omie Bellamy Bowen, Cameron, in a Dallas hospital. And Mrs. Ruth Sprinkel Whittle died in Gladewater.

Bert Miller, 59, of 502 Moore St. San Marcos, died of a heart attack at 2:30 a.m. Sunday while on a bird hunt with his son, Bert Miller, Jr. of Houston.

A well known former Cameron resident, Miller had operated a drug and confectionery business in Cameron and San Marcos. His widow, Emma Lee Cluck Miller, taught in the Milam County Schools. He was a native of Bell County.

Funeral services were held Wednesday at 4 p.m. at the Pennington Funeral Chapel in San Marcos. Burial was in San Marcos.

Miller had been active in civic and service work and at the time of his death he was Deputy Potentate of the San Marcos District of the Masonic Shrine. He was a member of the Baptist Church, the American Pharmaceutical Association, The Texas Pharmaceutical

Milam Scores Zero

State Highway Safety officials today announced that Milam County went without any kind of accident over the long Labor Day weekend.

But elsewhere in Texas some 25 to 30 Texans died in auto accidents.

Officer John T. Blansit, Cameron, said that no accident was noted or reported during the final three-day fling at summer.

Blansit and Officer Jack Straley, also of Cameron, noted that drivers were observing the rules of the road throughout the county.

"We worked about 20 hours a day and saw some of the safest driving practices of any congested holiday in a long time," Blansit said.

"Even though there was highway mayhem elsewhere, Milam County proved to be a safe place to drive," he continued.

The long weekend vigil for traffic fatalities began 6 p.m. Friday and continued through midnight Monday.

Straley said the Texas Department of Public Safety wished to thank county and area drivers for "their voluntary compliance to safe driving requirements."

Soil Bank Signup Underway In Milam

The signup in Milam County for the 1959 Conservation Reserve of the Soil Bank is underway at the Milam Agricultural Stabilization and Conservation Office in Cameron, Chairman Gib Terry announced today.

First step in the signup is for the farmer who is interested in the program to come to the county office and request that annual rental payment rates be established for his farm, Terry said.

At the same time, the farmer should bring with him information to be used by County ASC Committee in establishing rates for his farm. The chief facts needed, Terry said, are acreages and yields of the three principal crops on the farm for the past two years and acreages for other land use on the farm.

Land Retirement Plan Under the program, farmers re-

tire land from general crops for up to 10 years and devote the reserved acreage to land, water, or wildlife conservation practices. The Government makes an annual rental payment for the land and will also share in the cost of establishing the conservation practices.

The average rental payment rate for the Conservation Reserve land in Milam County in the 1959 program is \$12 per acre per year. Maximum payment rates will be higher for the most productive farms, he noted.

For farmers who request it, the county committee will figure two sets of maximum annual rates, Terry said. One will apply if only part of the eligible acreage on a farm is placed in the Reserve. Another rate, 10 per cent higher, will be available if all eligible land on a farm is put in the Reserve for at least five years.

great grandmothers, Mrs. Ben Baker of Marlow, Mrs. K. A. Conner of Cameron, and Mrs. Walker of Cameron.

Mrs. Amanda Marsh, 91, died in Dallas as did Mrs. Omie Bellamy Bowen, Cameron, in a Dallas hospital. And Mrs. Ruth Sprinkel Whittle died in Gladewater.

Funeral services were held at 10 a.m. Saturday at the Marek-Burns Funeral Home with the Rev. J. W. Duke of Dallas officiating. Burial was in Oak Hill Cemetery.

Mrs. Marsh was born in Lampasas and married C. B. Marsh there after the Civil War. Later they made their home in Cameron where he died in 1902. Mrs. Marsh moved to Dallas in 1931 to make her home with her daughter. She is a charter member of the Bethany Christian Church.

Survivors are a daughter, Mrs. Grady C. Jordan of Dallas; a son, C. B. Marsh, Sr. of Amarillo, two grandchildren and three great-grandchildren.

Mrs. Ruth Whittle Mrs. Ruth Sprinkel Whittle died August 29 in Gladewater. Funeral services were held at the First Baptist Church, in Cameron Sunday with the Rev. A. F. Russell officiating. Burial was in Oak Hill Cemetery.

Mrs. Whittle was a former resident of Cameron and was organist at the First Baptist Church here. She has made her home in Gladewater for the past 30 years.

Zarosky, Kirk Will Lead YH S Gridiron Club

The YHS Yoemen strike out for the 1958 football battles Friday night when they meet the beefy Trojans of West High School at Trojan Field.

Kickoff time is 8 p.m. Coach Jim Speer named 12 men as probable starters with Griffin Barrett and Triney Alvarez getting equal nods at left guard.

Heading the Yoemen forces will be veterans end George Zarosky, QB Jesse Kirk, Tackle Joe Humpalik and the Tepera twins, Ray and John.

A large crowd is expected at the season opener for both squads.

The Yoe line will give about 13 pounds per man to the heavy Trojan line that boasts 200-pounder Raymond Kubala at center and 195-pound Johnny Girard at tackle. Two other Trojans, Freddie Rauschuber and Albin Petter, weigh in at 180.

The Yoe line will average about 165 compared to the big 178 average of West. Both backfields will average about 153 pounds.

The Yoemen are rounding out their first week of one-a-day practices following the opening of school Tuesday.

In Self Defense . . .

Despite state and nation-wide appeals for conscious safe driving, the American people went out and slaughtered about 450 of their number over the Labor Day weekend.

The toll was probably a new record in Labor Day carnage and certainly not a total of which we could be proud.

It sometimes appears that we Americans no longer want to live. By every communication medium we are bombarded with "safety first" messages. Yet the death toll rises.

It is not as if we were unable to control our automobiles. Nor is open driving as hazardous on the ever-improving highway network in Texas and throughout the nation.

Though 1958 vehicles are laden with plus horsepower, equal stopping ability and safety features are available. In fact, preview outlines of the 1959 models are de-emphasizing horsepower, due probably, to more public interest in economy and functional operation.

Labor Day auto fatalities are but a small part of the highway death spectre. Each year about 45,000 Americans fail to walk away from violent collisions. That number was 30,000 only a few years ago.

And yearly hundreds of thousands of others bear the scars or frailties self-inflicted in the grim vehicular race for death.

Many would say we are exaggerating for emphasis. We wish the accusation were true. Though approximations, these figures are too near the final truth.

Appeals for conscious safe driving must contend with conscious infractions of the rules of the road. Like children playing hide-and-seek, we dodge through traffic, pass on hills and brink the edge of disaster with speed.

What is the answer? There appears to be none. We could all walk to our destinations, but we might be struck down by a passing auto.

Better that we drive in self defense, both for ourselves and the other fellow.

Sage Says Summer Has Gone But He Isn't Wondering What Happened To It

Dear Editor:

I noticed by my calendar which a puff of wind coming through the window flipped over from July which I hadn't gotten around to tearing off yet, along with August - why tear off calendar sheets twelve times a year when three or four will do just as well - that here it is September and summer is over.

Now this suits me all right. I don't sit around one day waiting for another or one season waiting for the next, as far as I'm concerned one time is as good as another to sit around in, but a friend of mine was sighing and complaining over the fact and saying it seemed like he hadn't accomplished a thing in the past three months, the summer just rushed by without a thing being done.

I don't take such an attitude. I accomplished as much this past summer as I set out to.

People have an odd notion about what they're supposed to do. You take Secretary Dulles. He's traveled all over the world this summer, worked night and day on the problems of the world, gone to bed late and gotten up early, but I can't tell from reading the newspapers that the world is any safer now than it was in the spring. This isn't to say he shouldn't have done what he did, it's just to say that there are two ways of handling a summer, one is to rush through it, the other is to let it do the rushing. I've always contended you get the same pleasure sitting in a stream and letting the water rush by you as you do thrashing through the water, and it's a lot less energetic.

The difference between me and a lot of people is that they try to accomplish what they set out to do, whereas I set out to do only that I accomplish. And the end of the summer comes to both of us, regardless.

As far as I'm concerned, it was a pretty good summer, and anybody who's waiting for the world to settle down before he starts enjoying the seasons might as well throw his calendar away entirely.

As for the fall, I'm looking forward to that too. I know fall is supposed to be the time when a man renews his efforts, when his energy surges forward, but with

me, and a lot of people I think, it's only a time of renewing thoughts about work, not doing anything about it. I intend to work this fall all right, but I don't intend to let it work me.

Yours faithfully,
J. A.

Capitol Report

56th Legislature Pronounced Liberal

By Vern Sanford

Texas Press Association

AUSTIN, Tex.—Texas' 56 Legislature, though not yet sworn in, already casts a long shadow over Statehouse activities.

Its membership was settled — or virtually settled — with the counting of the Democratic second primary votes. A few will have Republican opponents in November.

Of more interest now is how the 56th will lean on key issues. Political prophets already are taking pulse readings and pronounce it likely to be more liberal than its predecessor. But not predominantly liberal. A big influx of newly-elected liberals from Houston is expected to be offset by Dallas

On next session's crucial issue — finance — everyone's crystal ball seems a bit cloudy. Next Legislature will have to grapple with a financial deficit which the Legislature Budget Board has predicted may call for as much as \$140,000,000 in additional tax revenue.

Winning candidates, in both their speeches and newspaper announcements, were understandable skittish and unspecific in making specific proposals for dealing with this gigantic problem. Many came out flatly against a general sales tax or state income tax. Numerous suggestions were made to balance the budget through "economy in government, elimination of waste, duplication," etc.

Such statements are like the breeze off an iceberg to state departments, many of whom have said they'll be asking for more, not less money, next session.

When the showdown comes, decisions will be made largely by the same group who pushed the voting buttons in '57. All told, there'll be 49 new faces among the 181 lawmakers.

Replacing the three retiring senators, Otis Lock of Lufkin, Searcy Bracewell of Houston and Carlos Ashley of Llano will be Martin Diles Jr. of Lufkin, Robert W. Baker of Houston and Louis Crump of San Saba.

House will have 46 freshmen, slightly less than the normal one-third turn-over of its 150 members. Changes result from the retirement of 33 representatives, defeat of 13 others.

MANGLED MATH

When the next speaker of the House of Representatives takes office in January, some confused arithmetic will be cleared up.

A speaker is elected at the start of each regular session by the 150 House members. Support, in the form of signed pledges, is lined up well in advance of the session's start.

This year, when the dust settled from the run-off primary, both contenders claimed victory. rep. Wag-

goner Carr of Lubbock, present speaker, said he had 80 pledges. Rep. Joe Burkett of Kerrville claimed 77 pledges. In addition, Burkett said he knew of 15 House members who had made no pledges. All the claims added to 172 representatives — 22 more than the people elected.

BIG DAY DUE

San Antonio, site of the Alamo, may see another lusty scrap Tuesday (Sept. 9) when Texas Democrats of widely varying sentiments gather for state convention.

No one is making any ironclad predictions on what will happen, but pre-convention rumblings promise at least some of the usual fireworks.

A group of conservatives are working on ways to bounce the militantly liberal Mrs. Frankie Randolph from her post as national committeewoman. Having the chairman of the Democrats of Texas and leader of the opposition to state party leadership in the prestige-laden national committee post is hard to take.

But removing a national committee member offers difficulties, too. A state convention merely nominates the national committee members; actual election is by the national convention. Whether a state convention could undo the action of a national convention is not definitely known.

Another possible source of friction is the selection of the State Executive Committee Chairman, the post now held by Jim Lindsey of Texarkana. Abilene Oilman Ed Connally has been mentioned as a prospect.

Liberal delegates and supporters of Sen. Ralph Yarborough are expected to fight hammer and tongs against a Connally drive. Connally was a strong supporter of William Blakely in his Senate race against Yarborough and headed Gov. Price Daniel's precinct convention fight against the DOT.

TOO "GENERAL"?

Alumni of East Texas State College are asking help in untangling conflicts over a new program at the Commerce school.

At issue is the value of a "general studies" program instituted by ETSC President Dr. James Gee. Revised curriculum substitutes a course in "communications" for freshmen English, "heritage" for American history, and so on. A professor who had taught some of the "general courses called them a "hodgepodge," comparable to grade school work.

Miss Kate Paden McLane and Mr. Malcolm R. Dimmitt have announced the members of their wedding party. They will be married September 6 at 7 p.m. in the garden at the home of the brides parents, 1101 East Twelfth St., Cameron.

Mrs. S. W. McClaren III, sister of the bride, has been named matron of honor. Bridesmaids will be Mrs. Louis Holley of Abilene, Miss Lynn Lewis of Cameron, cousin of the bride, and Mrs. William H. Wade of Liberty, cousin of the groom.

Mr. L. T. Brookshire of Liberty will serve his nephew as best man and groomsmen are: Drayton McLane, Jr., brother of the bride, V. R. Burch, Jr. of Houston, and L. E. Robinson, Jr. of Liberty.

The Rev. A. F. Russell, pastor of the First Baptist Church, will officiate.

Luncheon Honors Miss Sanders

Eighteen guests were seated in the Batte home dining room for luncheon given by Mrs. R. L. Batte Sr. honoring Miss Carol Ann Sanders, bride-elect of Mr. Neil Barr of Kilgore.

The table was laid with a hand crocheted cloth and decorated with a floral centerpiece. Individual place cards marked the guests places.

Assisting the hostess were Mrs. R. E. Batte, Mrs. Griffin Burnett, and Mrs. W. A. Bonds.

Seated with the honoree were her mother, Mrs. Alva Sanders, Mrs. A. E. Pearson, and Miss Janette Pearson, also a bride-elect. Mrs. Batte presented gifts to Carol Ann and Janette and to their mothers.

The guest list included Miss Jayne Barr of Kilgore, Texas.

Schiller Motors

Dodge-Plymouth, Distributor For Milam County

Cameron's Business - Industrial Review

Story Of Cameron Business Leadership

Schillers Has One Stop Service In Up-To-Date Auto Dept.

Schiller Motors, Milam County's largest Chrysler Corporation auto dealer, has a wide selection of services that compliment an up-to-date auto agency.

Located at the intersection US 77 - US 190 and SH 36, Schiller Motors features a one-stop service at the agency auto department and at Schiller's Humble Service Station.

The aggressive Dodge-Plymouth dealership is ably managed by Partners Milton J. Schiller and Jerry B. Schiller.

"Our one-stop service includes a complete wash, lubrication and polish service plus minor repair or a major overhaul if the motorist's car needs it," Milton Schiller says.

Staff of Sixteen

Schiller Motors employs a staff of 16 competent people to make Schiller Motors and Service Station truly a one-stop auto center. Besides selling 1958 Plymouths and Dodge cars and trucks

Schillers are adding a wide selection of used cars to their sales department on a lot across from the agency on SH 36.

"We believe in giving Milam County motorists the complete automotive center — one where he can find a new car or truck or buy an excellent used car. Then he can be sure that experts will care for his vehicle long after he purchases it," Schiller says.

Schiller's service department is under the active management of Joe K. Kovar, who has 23 years of all-round mechanical know-how. He has built a reputation as probably one of the best mechanics in the county, Schiller points out.

Another highly skilled auto man, James Supple, manages the paint and body department. He takes great pride in his workmanship and knows the fine points of paint and body work. He has gained valuable experience on the assembly line of one of the nation's major auto builders.

Supple has had 42 years in auto paint and body work experience.

Top Name Brands

Name brands too are among the outstanding features of Schiller Motors and Service Station. The service station handles quality Humble petroleum products and U. S. Royal tires.

In addition, the service department provides a complete auto air conditioning service as well as a wide variety of repair services. The Schillers founded their auto agency in 1946. In 1950 they constructed their agency and service station on SH 36 - US 77. It was one of the first major building projects in Cameron following World War II.

"We believe we have a wide variety of excellent automotive services and products that will make driving a pleasure for Cameron motorists. We invite your business, and we will do our utmost to serve you well," Schiller concludes.

Wiese Lumber Co. Serves Up Array Of Sales, Service

Wiese Lumber Co. proudly serves Milam Countians building and repair needs, regardless of the job.

Owner Buddy Wiese, veteran lumberman and builder, backs up his company's policy of complete lumber sales and service with a life-long background of building experience and lumber yard management.

And his services include a wide range of materials and work in the lumber business.

Wiese's staff of four is available for immediate delivery of materials and estimates on building jobs regardless of size.

Complete Supplies

Wiese Lumber Co. also offers a complete array of paints, roofing, nails, bathroom fixtures, plumbing supplies to bring building know-how and quality building materials together.

His paint line includes Kem-Tone and Kem-Glo selections for any requirement of decorating or painting inside or outside the home or farm.

He also features Gold Bond ceiling tile and popular shutters for fashionable decor.

"We will make estimates on any type of job whether for a repair job or a new house," Wiese says.

"And when a customer orders some materials for immediate use, we give him immediate delivery," he points out.

Wiese Lumber Co. is open five days a week from 7:30 a.m. to 5 p.m. Monday through Friday and open until noon on Saturdays.

Wiese's building supplies include bricks and roofing of any kind and inside paneling for dens and family TV rooms.

Plans Drawn

"We can draw up plans and type, including houses, farm structures and large types of construction," he emphasizes.

"Your business is more than appreciated. It is taken care of competently and correctly at Wiese Lumber Co. Give us a ring today," he concludes.

Ideas To Increase Fish Catch

By Vern Sanford
Want to increase your catch of fish? Here are a few facts gathered at random from fishermen who have been at it for a long, long time.
One angler says that he who fishes an hour or two immediately following dawn and just before dark likely will have better luck. Reason given: Fish just seem to bite a trifle better during early morning hours and late in the afternoon.

Another angler contends that fish strike better on cloudy days and just before a storm. Reason: Fish feed on insects and insects are more active then.

Fish where fish are more apt to be found, is the quite logical advice of fisherman number three. He drops these hints:

Crappie usually stay near the shore in the spring and move into deeper water, 13 to 15 feet, in the summer.

Black bass stick close to shore at moderate depths, usually three or four feet down. Seldom are they found below 10 feet. They lurk about vegetation, rocks and stumps.

White bass ordinarily are found near the surface, often in the middle of a body of water. Sometimes, however, they are caught at depths of 30 or 40 feet. They feed almost exclusively on gizzard shad. Often their presence is indicated by schools of shad leaping from the water in an attempt to escape the hungry fish. (Try a spinning top-water lure or go deep with a spoon)

Catfish bite well at night. They may be caught at almost any depth. Usually they are found in three to 10 feet of water.

A seasoned angler says, give the fish the kind of bait to which it is accustomed. For example, he uses a silver lure that resembles the gizzard shad, when fishing for white bass.

Another says: If you're fishing in an area where noise prevails,

don't worry about the noise you make. But, if you're fishing in a secluded spot—better be quiet as possible.

This tip from an old-timer: Four times as many fish will congregate in an area where food is distributed regularly, as compared with normal areas. So, if you want to improve your angling average, try feeding fish on a regular basis.

Some Timely Tips
Long ago we learned that everyone has at least one good, original idea. Also we discovered that no one individual knows all about anything. So, people we're ever on the alert for tips to relay to our readers.

We'd like to include a few, right now, for your consideration. Changes are you heard about some of them so long ago that you had forgotten them. If so this will serve remind you. Anyway, here they are:

TO FIGHT FIRES—You'll find a heavy blanket, especially an old army blanket, might useful in that boat of yours. Not only will a blanket make a comfortable seat cushion, but there are times when it also provides much needed warmth. A blanket comes in very handy in case of cold winds, sudden rainstorms, or emergency camping out.

Perhaps most important is its availability to smother gasoline flames. A blanket soaked in water is a mighty potent weapon against a fire.

MOTOR CARE—When you get ready to dock your boat for a few days, leave your outboard motors running while you disconnect the gas line. Your motors then will continue to run until the gas in the carburetor is burned up. Purpose is to drain the carburetor completely.

pletely.
Another good motor tip especially in cold weather, but a good habit to develop, is to kick the motor over a few times after you tilt it. This will remove all water from the cylinder heads and help prevent freezing.

Milano Back-To-School For 300 Local Students Sept. 2

About 300 students attended opening day classes at the local school according to Superintendent Wilson. Fourteen teachers are on the faculty this year.

The Milano Chamber of Commerce was host for a pan cake supper Saturday night to raise funds for the new fire truck.

Miss Rita Kay Stewart was a houseguest of relatives in Dallas this past week.

Miss Nonie Beth Mills will attend business college in Dallas this fall.

Mr. and Mrs. Dudley Battle have returned home from a pleasant visit with their children at Nolanville.

Mr. and Mrs. R. E. Ledbetter of Austin visited friends in Milano Tuesday.

Mr. and Mrs. Alfred Jistel and children of Dallas spent Labor Day here with her mother, Mrs. Maggie Miller.

Mrs. Pearl Williams has returned from a trip to Florida where she landed a 46 inch barracuda at Key West and her nephew hauled in a 44 inch barracuda. Accompanying her on the trip through the southern states were Mrs. Helen Wilson, Mr. and Mrs. George Trammell, George Glen, and Cindy all of Houston.

Clarkson Bronte Residents Visit Relatives In Milam Area

By Mrs. J. A. Blasienz
Mrs. Charlie Black and Miss Ella Clyde of Bronte were guests of Mr. and Mrs. Dewey Black several days last week. They also visited relatives at Rosebud.

Mr. and Mrs. C. S. Robbins, Mrs. Marion Mitchell and David visited in the home of their son and brother Mr. and Mrs. Claude Robbins of Houston this week.

Annette Russell and June Weems of Cameron have been recent week end guests of Annette Dodd.

Guests of Mr. and Mrs. Otto Mayer and family Tuesday were Mrs. John Kleypas, Mrs. Buck Strickler and children of Houston, Houston, Mrs. McSherry of Dallas and Miss Annie Dillon of Burlington.

Henry Bigler of Miles, Ed Bigler of Anton and his son Emil Giger of Port Tortales, New Mexico, have been visiting their sister Mrs. Mary Engbrock in the Emil Skupin home.

Miss Inez Dodd has accepted a position in the Tax Collectors office at Cameron.

Robert Skupin son of Mr. and Mrs. Emil Skupin, has been attending the summer session at A & M. He will enroll as a senior.

Old before its time?

Just like people, a tire can get old before its time.
For example, the life of a tire may be shortened as
much as 25% merely as a result of chronic under-
inflation. Over-inflation is bad, too.
Best way to avoid premature aging of your tires is to
let your Phillips 66 Dealer take care of them for you.
He'll check them frequently, make sure they're properly
inflated, and repair them if necessary. And, if a tire
becomes unsafe, he can provide a new and dependable
Phillips 66 Action-Tread Tubeless Tire.
Drive in at any station where you see the orange and
black Phillips 66 Shield.

County Agent Report

Swine Production For Milam County Profits

By J. D. Moore, County Agent

We have observed swine production in Milam County over a period of years and have come to these conclusions. Normally, people go into the hog business because of attractive prices at a given time. They buy several brood sows, breed them to farrow without taking a look at seasonal advantages that are most favorable to saving baby pigs, market demand for pork and spring and fall pastures for economical hay production, home grown feeds, their knowledge of the enterprise, etc.

At the present time, top hogs are bringing some 5 cents per pound

less than prices paid during August. That amounts to \$10 per head on 200 pound hogs. This amount of money is considered a fair profit and could represent the difference in profit and loss in the hog business. This pattern has been evident for several years.

Pork Prices

At the present time supply and demand determine pork prices. What determines the supply? Our major supply of pork comes from the corn belt area where the commercial hog business was established years ago due to the grain feed supply there. Farmers there produce 75 to 100 bushels of corn per

acre as compared to our yield of 30 to 35 bushels average. Because of yield alone, their corn costs them about one-half as much per bushel to produce as our local corn.

Due to the severe weather, their sows are bred to farrow in the spring and fall. Their spring is not as early as ours and their pigs are confined more than is necessary under local conditions. Their spring crop of hogs reach the market during last August and early September. This supply factor accounts for the 5 cents spread in the market from early August to early September.

Top Prices In August

Under good management, our February 1st farrowed pigs reach the market by mid August and draw the top pork prices. The sows that farrow Feb. 1st are bred to farrow again during September or October. These pigs are ready to graze fall planted oats by weaning time. The spring farrowed pigs are able to graze sudan pastures for amore economical gain. By the time the fall farrowed pigs are ready for the market, most of the fall pork has moved into consumer channels by spring.

Below Average

In Milam county the average sows will raise 6 pigs per sow. In Texas the average is 6.9 pigs per litter. Authorities set a goal of 9 pigs per litter. Six pigs per litter is a break-even level and will little more than pay the production cost of the sow and litter. Another advantage of fall and spring farrowing is that more pigs per litter can be saved. The use of farrowing crates will raise this average.

Sanitation to control internal parasites (round worms) by pasture and pen rotation is another important practice. Feeder hogs heavily infested with internal parasites fail to make economical gains. Research workers have information not yet released that shows internal parasites in poultry can be controlled with a feed additive. We have encouragement that the same additive may do the same for hogs.

Due to the many angles of hog production, space does not permit a full coverage of the subject. Additional articles will be written with a possible follow-up on the "selection of meat type hogs."

We encourage those who are "plunging" into the hog business to study management practices to avoid the general opinion that "about the time I get into the hog business, the market is rotten and everyone else is getting out."

4-H Gilt Show

In connection with local hog production, an interesting and informative talk will be given by T. D. Tanksley of Texas A & M College next Saturday morning, Sept. 6, about 9 a.m. at the Cameron Livestock Auction barn in connection with the local 4-H Club Gilt Show. The public is invited to attend.

546 Cattle Are Sold Thursday At City Auction

A total of 132 sellers sold 546 cattle to 49 buyers at the Cameron Livestock Auction Thursday.

Officials said the market was fully steady to 50 cents to \$1.00 higher than last week. Good cows and calves, paired, sold \$10.00 to \$15.00 higher than the previous week.

Livestock officials also said demand on all classes was strong with greatest strength shown in better classes.

Maize, Corn, Cotton Being Harvested In County Moore Says

Dry weather last week was ideal for harvesting of maize and corn according to County Agent J. D. Moore.

The warm dry weather also brought the first of migratory labor as cotton harvest started.

Moore also reported that farmers and stockmen in the county are preparing soil for fall planting of oats. Fall seeding usually gets underway during September if moisture is available.

Corn harvest has been active this week and a good supply of hay for winter feeding of cattle is already assured.

Livestock conditions continue good with recent rains reviving range conditions and encouraging planting of fall grazing.

Reportable Diseases Cases Total 15 Here

Dr. T. E. Crump, acting Director of the Milam County Health Unit, announced 15 cases of reportable diseases for the week ending August 30.

Diseases reported in the county were 11 cases of strept throat; 1 case of mumps; 2 of whooping cough; and 1 of gonorrhea.

YOU CAN BE SURE OF "FULL MEASURE" EVERY MONTH

In Grandmother's day, it was always the custom to watch carefully the measurement of every purchase... first-hand and close-up. Today, we depend on the weight or other measurement on the package as required by law.

Your use of electric service is measured by your electric meter. It assures you "full measure" every month.

Many people do not realize how many different jobs electricity does for them... all over the house... lighting, cooking, refrigeration, air-conditioning, radio, tele-

vision, washing, drying, ironing, toasting, coffee-making, cleaning... and many other things to make your life more enjoyable.

Your electric service bill represents "full measure"... and, remember, the more electricity you use the cheaper it becomes. And important, too, is the fact that while living costs have risen 108% since 1936 the average cost of TP&L residential electricity today is 43% less per kilowatt-hour. Indeed, today you are getting "full measure" from your electric company.
